

Count Your Blessings: *You Can and Will Be Blessed Accordingly* (reads better at <http://www.kuzmich4.com/Facebook/Count%20Your%20Blessings2.pdf>)

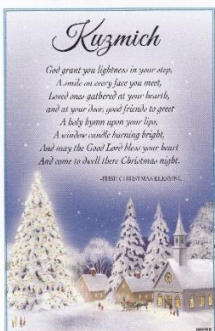

Biblical blessings are often associated with protection and happiness. God's blessings are meant to protect us, guide us to the path of righteousness, and give us hope. Use these Bible verses cited below to remind us of the many blessings we can claim as a child of God! You do not have to fear the future when God's hand is over your life. **The Lord** blesses each of us in different ways and keeps you; **the Lord** makes his face to shine upon us and be gracious to each of us in different ways; **the Lord** lifts up his countenance upon us and gives us peace even during challenging times. My ancestors in Ukraine have suffered much but they are still alive! Below is an Irish Christmas Blessing that says it all so clearly. We all need blessings just to get through this life in these particularly difficult times. In addition below, there are “keepsake” images of some of my best memories in Ukraine with my relatives. I have been blessed exceedingly to have even met them in my Eastern European genealogical travels before the Russian-Ukrainian War of 2015 to today. I am so grateful and blessed to have initiated my Ukrainian family history research since doing family history there, it is not possible today because it is militarily unsafe and not available to me even if I had a military escort! Perhaps the greatest blessing is that my family has assisted some of our Ukrainian family members and friends to successfully immigrate to the USA well before the war of today which gives me much joy and purpose in this life to have such fond memories/blessings! My message is don't take your family history for granted. Loved ones can depart life unexpectedly. Make opportunities because the horrors of history unfortunately have a tendency to repeat itself.

Check out this video clip of 2:18 minutes in taken in Ukraine on the 100th year reunion of finding my missing Ukrainian ancestors who were missing from 1898 to 1998 when my entire family visited and celebrated with them together at <https://www.forever.com/app/users/roslyn-kuzmich/files/89ff00d5-5571-4f87-8c97-fd0bd0b0ae4c/evfyvdmueyxdlks0886fx0w9t!!!!> During the video's Cossack dancing, that's my wife screaming/yelling the relatives on which is quite a blessing/memory to behold 24 years later.

Ukraine has very fertile soil for farming.
