

## [Looking for More Excitement with Family History Training?](#)

Invaluable resources can be readily available 24/7 online as well as locally here in the Denver area through local family history societies as previously posted [here](#).

Denver is a great place to be because the family history community is blooming both in and out of the Church. I'll do my best to keep you outdated. For example, the **Colorado Society of Hispanic Genealogy** offers quite a package of guest speakers at their monthly meetings for 2020. Note: our own Carol Swenson, Director of the Front Range Family History Center at the Jewell Bldg., will be presenting at their November 21<sup>st</sup> meeting. In addition, she will be presenting this Sunday evening, October 13<sup>th</sup>, at the Jewell Bldg. FHC from 6 to 7 pm entitled: **What Can You Do in Family History in Just 5-15 Minutes?** The meeting is free and open to the general public. Roslyn will be attending and hopefully other members of our ward will take advantage of Sister Swensen's family history leadership, expertise and experiences.

### **More Excitement With Invaluable Internet Resources Available**

To my surprise: my Polish genealogist, Tadeusz Pilat of Poland, is guest presenting in Chicago, Illinois this weekend for the Polish Genealogical Society of America. Here are his two presentations:

Friday, October 11, 2019, 2:00 – 3:00 p.m. Auditorium - *Ethnic Diversity & Population Trends in SE Poland*  
Saturday, October 12, 2019, 9:00 – 10:00 a.m. Auditorium - *Using Online Map Resources as well as Cadastral maps in Poland.*

But the primary purpose is I want to bring to your attention the pertinent amount of information the Polish Genealogical Society of American offers from their web site: <https://pgsa.org/membership/> with special headings each of which is “hot” for your use for those of you that have Polish ancestors and even appropriate for those of you who don’t have any Eastern European roots! Plus this same URL has additional information available for all aspiring genealogists!
