

#GiveThanks for Family History Opportunities

I am grateful for my 50+ years of temple and family history work and my wife and children have rendered. I have two grandchildren actively indexing Polish church records.

Thanking God in daily prayer has brought miracles. Together, we can pray to heal hearts, families, and our society.

1

Turn social media into your own gratitude journal

For each of the next seven days, post about something or someone you're grateful for using the #GiveThanks hashtag. Invite others to do the same. As we fill our hearts with thanks, we will be better prepared to light the world together in December.

2

Say a prayer of thanks

With all the chaos around you, it can be hard to recognize the hand of God in your life. Take a moment to reflect on your blessings and kneel in prayer to thank Him. Gratitude brings even more blessings.
