

[“Musical Angels” Are Calling for Your Memories for Future Generations!](#)

I must sound like a broken record to the faithful followers of the Foothills Ward Temple & Family History Facebook Group. “We all need motivation and inspiration from heaven in accomplishing our temple and family history pursuits in a timely manner for future generations.” The music video link below will surely turn the hearts to future generations. It is entitled "Memories" which brought happy tears to my eyes. Be sure to view the 3:41 minute video clip [here](#) and you will not be disappointed. Again, Bob Lathen of the Littleton Family History Center has brought it to my attention. I hope you listen to it over and over as I found it in last week's community section of FamilySearch. It literally brings me closer to loved ones who have passed and loved ones who I have not seen lately due to the Coronavirus. It made me smile with hope that my life has a purpose for many others besides myself and immediate family!! For those a bit hard of hearing like me, I have also attached the lyrics (but this young singing group changed/improved words like "drinks" to "dreams", "toast" to "close" and "raise a glass" to "raise your voice"). The music was recorded by the *One Voice Children's Choir*. To learn more about this exciting Utah-based non-for-profit children's choir, click [here](#). They have many excellent recordings available on YouTube.com.

[Click](#) on the lyric's page to enlarge it for further analysis of the words. And together with the music, we can all be mesmerized.

Closing Comments

Now you know why I have been serving as a consultant at the Littleton Family History Center since 2009. The staff there is incredibly dedicated and experienced. The level of expertise of individuals such as Wallace Carroll and John Mears are but just two of the “Saints” serving there that I have been very fortunate to have been associated with in better preparing me to be the Foothills Ward Temple & Family History Leader. Because of their association, my life with temple and family history pursuits will never be the same. To quote the inscription in my daughter's 2020 Father's Day card to me about my temple and family history efforts:

- *“Dearest Papa Bear: Your choices have brought joy & eternal life to generations. We all so thankful for the path you chose to take, even though it was new and scary! I love you so much!! Thank you for being such an awesome father!!! **Your favorite daughter – Princess Reva**”*
- *Note: her 13 year old daughter is already an accomplished extractor along with a 14 year old grandson of Latin-Polish Church records on the Team Kuzmich Family History Project for FamilySearch which helps pave the way for future generations of the Kuzmich clan even beyond my years.*

Please do enjoy the short video clip! It is very entertaining and uplifting and it might encourage you or your friends and even extended family members to add more memories to their own Person Pages in FamilySearch. The important point here is, “What's Your Story” with supporting photos, audio recordings and personal comments and much more! Do not hesitate when windows of opportunity are available because when they close, those opportunities can may regretfully disappear for time and eternity.

Preview YouTube video, *Maroon 5 - Memories (Cover) One Voice Children's Choir*; and if your close your eyes when facing challenging research assignments and pray for the promptings of the Holy Ghost and guardian angels may even be present in your efforts to inspire and record your stories. The purpose of this Facebook group is to unite us all to support each other with our personal memories! **What's Your Story?!**
