Don’t Visit the Largest & Best FREE Virtual Genealogy Conference in the World: *Learn More to Register at* http://www.kuzmich4.com/Facebook/RootsTech%202022.pdf

Registration for RootsTech 2022 is now open, and we are pleased to announce that this year, RootsTech's theme is "Choose Connection." Renowned American scholar and author Brené Brown says this about connection: *"Connection is why we're here. It is what gives purpose and meaning to our lives."*

RootsTech Connect 2021 was transitioned to a free virtual experience hosted online (Feb 25-27) in 11 languages. It was attended by **over 1 million participants** from 242 countries who were able to watch approximately 2,000 genealogical class sessions on-demand taught by experts, archivists and companies. For more registration information, go to https://www.familysearch.org/en/blog/rootstech-2022-registration. For a neat video clip of 55 seconds with neat music and graphics, go to https://youtu.be/o7XQ0i_Bm_I.

Closing Comments

This event is an absolute must for genealogist from entry-level through advanced levels. I have attended nearly every one since 2011 and you will not be disappointed because there are unique opportunities to link up with living ancestors world-wide attending the conference. And the 1000+ presentations will be available on-line for FREE for nearly a year after the conference. And its all VIRTUALLY FREE.

The first RootsTech conference was **held in Salt Lake City in February 2011**, drawing around 3,000 people. It was held again in 2012, drawing 4,500 people. In 2013 it drew 6,700 registered attendees with over 13,600 remote attendees and many attendees and vendors coming from other countries around the world. And in 2021, there were over 1 million participants from 242 countries. My genealogy mentor had over 93,000+ connections to his living relatives at the RootsTech 2021 as illustrated by the image below with 300 locations of the 93,670 relatives from all locations. That’s the magnitude of how you can directly connect with living relatives by attending RootsTech 2022 without traveling while eliminating the possibility of getting the COVID virus!!!! And It’s all VIRTUALLY FREE and convenient to peruse all the presentations on your own personal timeline both during and after the conference.
