

[Don't Forget to Click on the Titles of Postings Because...!](#)

Sometimes the web posted link has better formatting than what Facebook offers. So if you find some postings awkward to study because of its formatting, try clicking on the posted title which usually is linked to its companion on-line posting. For example, the postings for the individual countries are almost always more user-friendly because I design it in Microsoft Word instead of the clumsy ASCII editor in Facebook.

Regardless of your preference, please "**Start Your Family History**" or the Spirit of Elijah might never assist you! I personally bare you my testimony that the Spirit of Elijah can be a powerful revelation that can inspire you to greater heights than one can ever imagine and even beyond temple and family history accomplishments. The prophet, Russell M. Nelson, has clearly outlined and posted below the Temple and Family History Goals for every family for the entire year through June, 2020. Double click on this proclamation and it will appear full size for easy reading.

Take note that future generations of your family will benefit immeasurably on what you can add to your family history pursuits regardless of what your predecessors have contributed to their Temple and Family History endeavors! It's your turn to be a difference-maker for your family. Think outside the box of just compiling vital statistical information about your ancestors. But rather, add photos to your Family Tree, memories for each ancestor along with oral commentary, historical documents and family stories, and other artifacts for both their remembrance and for future generations to better understand their heritage. For example, any photo without appropriate captions or stories will be useless within two generations for future generations!

With 475 households in our ward, this represents quite a challenge. But never hesitate because there are five ward consultants ably waiting to be of assistance in your home one-on-one or at the Jewell Building Family History Center: **Gayle Gleaton, Jo Wadsworth, Jill Andersen, Kim Marshall and Wendy Marshall.**

Sincerely,
Brother John Kuzmich, Jr. Foothills Ward Temple and Family History Leader
